

BOARD OF DIRECTORS

LOW TIEN SIO

Chairman

A Singapore Government and Commonwealth scholar, Mr Low Tien Sio graduated with a Bachelor of Science (Quantity Surveying) in 1969 and was subsequently awarded a Master of Philosophy (Building Contracts) in 1977 from the University of Reading, United Kingdom. He was instrumental in developing Singapore's Land Transport Authority (LTA) since 1983 and initiated many MRT/LRT projects.

He has also served on the advisory and expert panel for the Sydney Metro Authority. A Claims and Contracts specialist, Mr Low has been involved in Planning, Project Management, and Corporate Management with the LTA as its Deputy Chief Executive till February 2007.

During the period when he was the Deputy CEO with Sentosa Development Corporation, he guided the management of its development agreement with Resorts World @ Sentosa, for the development of the integrated resort and also oversaw the Property portfolio.

He was a member of the Development Projects Advisory Panel and also the Valuation Review Board for many years and had been appointed a senior adjudicator by the Singapore Mediation Centre.

Mr Low founded MSI Global Pte Ltd (formerly known as MRTC Singapore International Pte Ltd) in 1995 and was also a Director until 31 January 2007 when he retired from office as Deputy Chief Executive at LTA. He joined the MSI Board of Directors again as a Non-Executive Director on 1 July 2015 bringing with him a wealth of knowledge and experience in the land transport industry both locally and internationally.

CHUA CHONG KHENG

Chief Executive Officer

Mr Chua graduated with a First-Class Honours Degree in Electrical Engineering from the Nanyang Technological University and possesses a Master of Philosophy Degree in Electrical Engineering from the University of Birmingham, UK, as well as a Master of Science Degree in Management of Technology from the National University of Singapore. He is a Registered Professional Engineer (PE, Electrical) with the PE Board of Singapore.

Mr. Chua started his career with the then Mass Rapid Transit Corporation (MRTC), Singapore, as a Rolling Stock Engineer and subsequently assumed various senior appointments with the Land Transport Authority of Singapore (LTA). He was appointed Deputy Chief Executive (Infrastructure and Development) of LTA from 2012 to June 2024, where he was responsible for all Rail and Road development projects undertaken by LTA. He is currently the Senior Advisor at LTA and also oversee the Singapore Rail Academy (SGRA).

Mr. Chua is a member of the Development Projects Advisory Panel of the Ministry of Finance, and Senior Advisory Board member of the International High Speed Rail Association (IHRA), Japan. He has been on the MSI Global Board since 28 September 2005 and Chairman of the MSI (Shanghai) Board since 8 June 2005

Mr. Chua first started his career with MRTC, as a Rolling Stock Engineer, working on the procurement, design and testing of passenger trains and maintenance vehicles for the initial phases of the Singapore's Mass Rapid Transit System project. He subsequently headed the pilot studies and procurement evaluation of the systems for the first Light Rapid Transit system in Singapore.

In 1996, Mr. Chua was appointed as the Senior Project Manager responsible for the Electrical and Mechanical Systems on the North East Line (NEL) Project. He led the engineering studies, procurement evaluation and the design phase of this project to build the world's first fully automated heavy metro system. Many innovative engineering features were introduced for this project and Mr Chua

was also responsible for setting up the systems integration function at the LTA, which was a key success factor for the NEL Project.

In 2000, Mr. Chua was appointed the Project Director for Stages 1 and 2 of the Circle Line (CCL) project, as well as for the overall Electrical and Mechanical Systems of the entire CCL, a fully automated medium capacity rapid transit system. He oversaw the engineering studies and procurement evaluation phases as well as the design and systems integration stages of the project. In end 2003, Mr. Chua was appointed Group Director of the Safety and Contracts Group, with overall responsibility for the Authority's Contracts and Procurement, Cost Control and Project Budgeting, Project Planning and Programming as well as Safety Management functions. He held the position until his 2-year secondment to the Ministry of Transport (MOT) in March 2006 as the Director of

International Relations and Security (IRS) Division.

At the MOT, he set up the International Relations and Security Policy (IRS) Division from 2006-2008, responsible for the International Relations (IR), Security Policy (SP) development and Emergency Preparedness (EP) aspects of the aviation, maritime and land transport.

Mr. Chua returned to LTA in 2008 and was appointed Group Director, Rail, responsible for the implementation of the various enhancement works on the existing MRT lines and extension lines, including the then Thomson MRT Line (TSL) and Eastern Regional MRT Line (ERL).

In 2012, Mr. Chua was appointed the Deputy Chief Executive (Infrastructure & Development) of LTA, managing a portfolio that included the planning, design and implementation of all road and MRT rail projects such as the Downtown Line, Thomson-East Coast MRT Line, Marina Coastal Expressway, Lornie Highway, North South Corridor, Jurong Region Line, Cross Island Line, extensions to the Circle Line, North East Line and Down Town Lines as well as the upgrading of the existing LRT lines. His portfolio included responsibility for the Engineering, Procurement, Safety, Contracts, Programme and Cost Management functions for all LTA's development projects as well as Roads Maintenance and Traffic Operations.

Mr. Chua is a Fellow of the Institution of Engineering and Technology (IET, UK) and a Chartered Engineer of the IET. He is also a Fellow of the Institution of Engineers (IES, Singapore), Singapore Academy of Engineering, ASEAN Federation of Engineering Organisations (AFEO) as well as a Chartered Engineer of the IES.

He was conferred various Singapore National Day awards, including the Public Service Medal (PBM) in 2011, Public Administration (Gold) Medal (PPA/E) in 2015 and the Public Service Star Medal (BBM) in 2016. Mr. Chua was also conferred the Distinguish Engineering Achievement Award (DEAA) by the National University of Singapore (NUS) in 2017 and the Outstanding Alumni Achievement (OAA) award by the Nanyang technological University (NTU), also in 2017.

Janice Wu

Director

Ms. Janice Wu is currently the Executive Vice President of Corporate Development at Singapore Press Holdings Limited (“SPH”) and is responsible for leading its multi-discipline business development team in sourcing and executing mergers and acquisitions initiatives.

Ms. Wu is Executive Vice-President of Corporate Development at Cuscaden Peak Investments Pte Ltd. She leads its M&A and Investments teams in mergers and acquisitions, capital re-cycling and portfolio management and oversees its sustainability initiatives. She also sits on the boards of Cuscaden’s joint ventures including MobileOne Ltd, Memphis 1 Pte Ltd, Prime US REIT Management Pte. Ltd (the Manager of SGX-listed Prime US REIT), Woodleigh Mall Pte Ltd and Woodleigh Residences Pte Ltd. She is also a director of iFast Corporation Ltd and Thakral Corporation Ltd, both listed on the Singapore Exchange. Ms Wu holds a Bachelor of Laws (Honours) degree from the National University of Singapore and was admitted as an advocate and solicitor of the Supreme Court of Singapore. She has attended the Executive Development Program at Kellogg School of Management, the Business Sustainability Management Program by University of Cambridge’s Centre for Sustainability Leadership and the Advanced Management Program at

Wharton Business School.

Evon Ang Ai Tee

Director

She has held leadership and management responsibilities across various functions both in Finance and Business and Sales Operations across multiple functions and Global organisations leveraging a collaborative style to develop, coach and mentor strong teams. She is known to strongly partner the business to drive outcomes.

Ms Ang holds a Diploma in Accounting.

Quek Ser Hwee Peter

Director

Chief Information Officer and Group Director, Information Technology, Cybersecurity & Digital Services Land Transport Authority of Singapore

Mr Peter Quek is the Group Director, Information Technology, Cybersecurity and Digital Services, and Chief Information Officer (CIO) of Land Transport Authority (LTA).

As a Singapore Government scholar, Peter holds an honour degree in Electrical/Electronic Engineering from the National University of Singapore, and a Master in Management of Technology from the Massachusetts Institute of Technology (MIT) USA. He has over 20 years of industry experience in digitalisation, enterprise ICT/OT strategic planning, large scale ICT/OT project implementation, ICT/OT governance and cybersecurity, and mission critical ICT/OT operations. In his current role as CIO of LTA, Peter oversees the digitalisation of LTA planning, operation and service delivery processes, sector lead for land transport critical information infrastructure cybersecurity, implementation and operation of mission critical ICT/OT systems, modernising the enterprise

architecture.

He is also actively involved in the exploitation of new technology in big data analytics, AI/ML, RPA and blockchain to enable business innovation and preparing organisation for the digital future.

Peter is also actively involved in various government and industry ICT committees and working groups. This included the development of Singapore Technical Reference Standards on Cybersecurity of Autonomous Vehicle, and CIO Council.

YEE BOON CHEOW

Director

**Deputy Chief Executive,
Infrastructure and Development,
Land Transport Authority.**

1. Mr Yee is the Deputy Chief Executive (Infrastructure and Development) of Land Transport Authority (LTA).
2. Mr. Yee holds a second class (upper) Bachelor degree in Mechanical Engineering and a MSc in Management of Technology from the National University of Singapore. He is also a Chartered Engineer under the Institute of Engineers, Singapore.
3. Mr. Yee is a railway professional with more than 20 years of experience. He has held leadership and management responsibilities across various functions such as Project Management, Contracts Management, Asset Management, Maintenance and Engineering.
4. Mr. Yee was conferred the Public Administration Medal (Silver) in 2024.

LIM LINA

Director

Lim Lina is the Group Director, Policy & Planning of the Land Transport Authority (LTA) of Singapore. She was appointed the director of MSI Global Pte Ltd in April 2018.

Her current portfolio includes planning infrastructure and developing policies to achieve efficient and cost-effective land transport system for Singapore.

Ms. Lim has been with the LTA since its formation in 1995. She was involved in the development of Singapore's Land Use Concept Plans and Land Transport Master Plans since then and was responsible for the planning of rail lines such as the Circle Line, Downtown Line, Thomson-East Coast Line and other future rail lines. She holds a Bachelor of Engineering in Civil & Structural Engineering from the Nanyang Technological University of Singapore. She attended the Advance Management Programme at INSEAD.

Ms. Lim was conferred the Public Administration Medal (Silver) in 2017.
